About Us

Angel Coating produces high-quality paints and coats for automotive, industrial, wood coating and decorative sectors. Over the years.

Angel Coating has perfected its products by means of breakthrough paint technology, with an emphasis on innovation and eco-friendliness. We are driven by the philosophy of enhancing life through innovations to consistently deliver paint solutions that not only serve your needs, but also protect the world we live in. After over five years in the Indian market, Angle Coating is steadily becoming a house hold name. Apart from a range of interior, exterior and enamel finishes, we have many speciality products that showcase its technological prowess .

Our Vision

Angel Coating works to expand globally as a speciality chemical company, offering high value added coating. Our fundamental commitment is to become a trusted, eco-friendly company that helps protect the environment and save energy. To leave a distinct touch everywhere through our products and contribution in other products.

Our Mission

To maintain distinct relations with our clients and work with them in a team spirit in order to fulfill their perception through providing them with high quality products by using up to date scientific methods and techniques.
